

Patio Doors

PVC Patio Doors

Everest Sliding Door

Everest Patio Door

Everest doors offer the smooth functionality of a sliding PVC patio door.

Our Everest doors are built to last with full wood reinforced jambs, and heavy vinyl stiles and rails, reinforced with galvanized steel. The self-aligned, adjustable tandem ball bearing rollers carry a lifetime warranty. Heavy duty screens are adjustable on both the top and bottom,

and there is an optional keyed lock for the door.

These patio doors are available as two or three wide combinations. Customize the look of your Everest patio door with our slimline or wide snap-in brickmould available in 7 standard colours while the frame is available in 4 different colours.
